Monumental Inscriptions

An ever-increasing list of transcriptions of North-East Scotland graveyards. Each booklet is fully indexed and is complete with a plan of the graveyard. The Booklets record the Memorial Inscriptions within the limits of the named burial ground only, which in most instances is the original parish Kirkyard. Late-19th and 20th century extensions to the burial grounds, and other, later, burial grounds within the parish are not generally included.

This unique set of outline boundary maps (38 x 29.5 cms) contains the names and boundaries of every parish in Scotland, giving dates of commencement of baptisms, marriages and deaths for each parish, before statutory registration began in 1855. They do not show any placenames or topography. They are available singly or in any combination, and are sent in hard tubes to prevent crushing. Each map costs £1.00 + postage. The set of 15 maps (MC200) costs £12.00 + postage.
